INCOME-BASED GUIDELINES

If you are qualifying by income, your household’s total annual gross income must be at or less than the California LifeLine annual income limits for your household size. A HOUSEHOLD includes adults and children who are living together at the same address as one economic unit. An economic unit consists of all adults (persons at least 18 years old) contributing to and sharing in the household’s income and expenses. Any household size is acceptable. If your household size has more than 10 members, add \$6,800 to \$78,900 for each additional member to find out the matching California LifeLine annual income limit.
